At Louisville Saturday, Ray & Connell a tempted to launch a new sternwheeler, building for Captain Drake for the Arkansas river, but she did not reach the river. The L. A. Fulton tried to pull her in, but the water was not deep enough. The contract for removing the wreck of the Idlewild seems to be not moving along smoothly—at least the old negro woman who smoothly—at least the old negro woman who begun the work by carrying off an armful of stove-wood gathered from the wreck a few evenings ago has not made her appearance since. Close that contract and give it to some The Western Iron Boat Building company of St. Louis launched their twenty-first iron boat Saturday. She is being built for Major W. H. H. B. nyaurd, for the improvement of Red river. She is a sternwheel inagboat, 146 feet long, 36 feet beam, 6 feet hold, and is stronger and heavier than any sternwheel snaphart wet huilt. The launch was a beautiful one. The majestic steamer, with sidehouses and upper works nearly all up, glided smoothly and safely into the water in the presence of a large concourse of peo-ple, and several hundred on the boat, includin midriver by the L. A. Fulton, and towed back to the shore. She is the counterpart of the City of New Orleans that was launched the previous week. St. Louis Republican, Saturday; "The City of Vicksburg retires on account of low water, and the great light-draught passenger packet Bright Light takes her place with the Vicksburg's crew, headed by the wholesouled Captain Bob Riley. The Anchor Line is celebrated throughout the Mississippi Valley for always meeting the requirements of both the shiming and transline archite.

both the shipping and traveling public, and here is simply an additional illustration of it. One magnificent steamer gives way to another of different dimensions without disturbance or inconvenience to a single indi-vidual. No wonder such management is APTAIN REED RETURNS PROM HIS TOUR OF INSPECTION.

St. Louis Globe-Democrat. 3d. Captain Reed, lighthouse inspector for this Captain Reed, lighthouse inspector for this district, has just returned from a tour of inspection of the Mississippi river, going as far north as Wabasha, Minnesota. He was accompanied by R. Graham Frost, member of Congress from the Third district; Captain Dewey, Secretary of the Lighthouse Board, Washington; Major Twining, member of the Board of Commissioners for the District of Columbic, and Colonel Remey, Judge-Advocate-General of the Navy Department. All cate-General of the Navy Department. All but Captain Reed went on to St. Paul to spend a short time on both business and pleasure.
"How did you find the river, Captain?"

"How did you und the river, Captain?"
asked a Globe-Democrat representative.
"I never saw the water at a lower stage, it
being almost impossible to get along. We
grounded several times."

"Is the channel difficult to keep?" Ladies "Yes, sir, it is, and besides it is very nar-Do you want a pure, blooming Complexion? If so, a few applications of Hagan's MAGNOLIA BALM will grat-"Will any effort be made to improve the channel and make it more reliable?"
"I think there will be, for it c-rtainly re-

"Did you establish any new lights?" "O, yes, several between here and St. Paul "Will you inspect the lower river soon Captain?" "My tender will leave to-day for lights between St. Louis and Vicksburg, locating and placing lights, etc."

The Captain was just leaving his office on pressing business, and the interview was uccessarily cut short, but enough was learned to establish the fact that considerable interto establish the fact that considerable interto establish the fact that considerable interest is being manifested by the Government in the improvement of the Mississippi River the improvement of the Mississippi River and its tributaries, and there is no doubt but what Captain Reed will push forward his part of the work.

IMPORTANT SPECIAL NOTICE Iron Cotton Ties

In view of the constantly increasing popularity and demand for the celebrated ARROW TIE, the universally recognized favorite the of Planters, Cotton Pressusen and shippers of cotton generally, the McComb Tie Company, of New York, sole proprietors and manufacturers of said Tie, commanding unequaled facilities, have, in addition to their large stock on hand, contracted for increased quantities, sufficient to meet the largest demand for Cotton Ties to cover the entire crop of the coming season, and now, through their Agents generally, offer the popular and irrepressible ARROW TIE at the lowest market price, in bundles complete, it being the purpose of the Company to merit the continued patropage of the planting community, and defy all competition that may arise. The buckles are now securely riveted to the band, thus preventing the loss of same in shipping, and making a stronger Tie. For Sale by all Wholesale Grocers and
